We are a company built up with lot of innovative ideas, young thoughts, flexible business practices; hardcore vision, passion and aggression to do something better for our next generation. We have learnt seeing the globe from the sky from our inception. Believing strong in the definition of 'Global Village' we except ideas from all around the world about the product designs and we share them with the other part of the world.

We love young people and we love becoming part of their social and professional growth. Thus, we have selected this product business, where emotions of entire family get valued when they dine together. We have understood mothers and wives better for their many reasons related to Kitchens. We have tried to create a 'balanced' Kitchen portfolio which can really become part of your family and your life.

So, we say Hardy Smith Kitchens as a 'happening place for your family', Hard Smith Wardrobes as 'managing your life style' and Hardy Smith Book shelves as 'your family library'.

We have our business presence in Canada, UK, China, Russia & Southeast Africa. We are spreading our business network across all underdeveloped and developing countries for supporting the infrastructure industries respectively.

Happening place for your family

For, Architects and designers

Hardy Smith Project Business is believed in exchange of ideas considering architects and designers as our growth partners. A dialogue that makes sense for manufacturing as per the custom design can make the entire work of architects and designers quite visible down to ever last detail. A professionally designed kitchen and other furniture come out as a tangible asset for your home and become visible to everyone visiting your premise. Often getting opened and closed furniture makes real sense of attraction to the visitors. Engaging in dialogue with architects and designers, we seek and find solutions for new functions in creating good designs for the final customers. We shall be glad to send you our regular newsletters and announcements. Register yourself on

www.hardysmithdesigns.com/architects-and-designers-registration-form.html

For, Furniture retailers

Furniture retailers are our channel partners those believe in Hardy Smith brand, products and services. We are supporting them by providing whole hearted support for - establishing demo modules, point of purchase arrangement, catalogues, Presentations, raw material samples, service team, sales support, advertisement, events and exhibitions etc. We really understand the strength of our local partners and we take care of retailers as a part of Hardy Smith Family.

Be a channel partner

We invite prominent retail players to become our channel partners. If you are an aggressive retail player of your city, you are requested to submit us the online application form on

www.hardysmithdesigns.com/furniture-retailers-application-form.html

For, Carpenters & assemblers

Hardy Smith has a great attachment to the artisans those are real designers and erectors of furniture. The great skill they have is unmatched with any highest level of technology. We give them training to deal with machine made furniture, assembly and installation at customers' sites. We are coming up with a large manufacturing network across India and we have a vision to associate carpenters and assemblers with Hardy Smith for becoming an integral part of the company's growth.

Associate with us

We invite carpenters and assemblers to become our associates. If you are a carpenter or an assembler then submit us the online application form on

www.hardysmithdesigns.com/carpenters-assemblers-regi-form.html
